## GENERAL DESCRIPTION AND PURPOSE

We welcome you to participate in the ritual of the sacred ceremony of the holy children in Huautla de Jimenez, Oaxaca. Here you will discover the program of activities for our retirement at this mystical land.

## Day 1

Meeting with Adventure We will meet in the heart of Oaxaca, “Parque el Llano”, at 10 AM, ready to embark on our trip. Along the way, we will stop to stretch our legs, allow ourselves a moment of spontaneous joy next to the river, tasting mangoes and feeling the refreshing current, later visit the charming town of Cuicatlán, where the murals tell colorful stories of tradition and daily life . After a lunch that nourishes both the body and the soul, we will delve into a restorative nap to continue towards 'Teotitlán del Camino'. Here, the route rises, taking us through landscapes that change before our eyes, until the clouds greet us, bringing us closer to the sacred hills. A waterfall welcomes us with its freshness, a prelude to the mystical Huautla de Jiménez, where the morning mist and the afternoon sun embrace us in a sanctuary of serenity.

## Day 2

The Awakening Ceremony We will awaken with a renewed soul, preparing ourselves with a breakfast that honors the sacred day of the ceremony or, for those who choose fasting, a moment of introspection and closeness with the Holy Children. Equipped with what we need, we will go to the waterfalls to meditate, connect with our intentions and ask for the blessing of the spirits. With an open heart, we will return to rest and wait for the Curandera's call. When the time comes, we will transport ourselves to the sacred mountain and begin the walk towards the ceremonial center, where each step takes us will approach more to our personal experience of transformation.

## Day 3

The Freedom of the Spirit, with an enlightened spirit and a full heart, we will be ready to return, but not before immersing ourselves in the wealth of flavors and discoveries that Huautla de Jiménez has to offer. With our souls loaded with memories and learning, we will return to Oaxaca, carrying with us the light of the experience we have lived.
